

# Herman Miller

Value Storage

**Herman Miller's Value storage portfolio is a collection of high quality, value for money storage cabinets representing the most frequently specified configurations in lateral file drawers, tambour door units and hinged door cupboards.**

Units are available in multiple heights and widths with a range of closure choices. A variety of internal accessories provide complete planning versatility, ensuring that each storage solution is flexible enough to meet current and future needs.

Value storage units can be used to support individual or group filing. Units may also be used architecturally to organise a space, create a dividing wall or make up a high-density storage area.

Value tambour door units are available in eight heights, from desk-high up to two-metres, and two widths, 800mm and 1000mm. They include shelves with under-shelf filing capability, and a choice of silver or slate grey shutter-style doors.

Value lateral file drawer units are offered in two widths, w800 and w1000, three configurations, 2-drawers, 3-drawers and 4-drawers. All drawers are fitted with an interlock

and counterweight where applicable to ensure complete stability. File bars are provided with each drawer to accommodate either A4 or foolscap top-access file pockets.

There are eight heights of Value hinged door unit to match the tambour door units and they are also available in w800 and w1000. There are a choice of internals including basic shelves, shelves with under-shelf filing, slotted shelves and pull-out filing frames but these must be ordered separately as required.

All Value units are fitted with levelling glides providing 24mm of adjustment to ensure that they operate smoothly. They are available in the complete Herman Miller palette of paint finishes and a covered with a 5-year Herman Miller warranty.

Value storage units conform to the relevant levels in BS EN 14073 and BS EN 14074 please see our website for more information.
